

# *AU Juniors and Seniors: Transform lives through the power of learning—*

## **Become an AU tutor.**

**Aurora University has a unique opportunity for juniors and seniors to combine community service with professional and personal growth—and earn \$20 an hour. During the 2008–2009 academic year, university students will tutor middle school students in mathematics and reading. Training for Supplemental Education Service tutors will begin in late August. Tutoring will begin in September or October.**

**Tutors will receive ongoing training and curriculum materials that will help them provide students with additional instruction in mathematics and reading. Each tutor will work with three to five middle school students (6th, 7th and 8th grade students), three days a week.**

### **WHEN AND WHERE?**

East Aurora Middle Schools: Cowherd, Simmons or Waldo  
Monday, Wednesday and Thursday  
from 3:15–4:15 p.m.

### **WHO SHOULD APPLY?**

The program is available to all AU juniors and seniors (must have a minimum of 60 credits by Fall 2008). Education majors will gain practical experience working with underserved students. Students in other majors who want to be a role model for pre-teens will also benefit from the experience. Tutors need to be patient, enthusiastic, hard working, responsible and relatively flexible with their time. A commitment to helping students both academically and personally is a must.

### **HOW TO APPLY**

Complete an online application at:  
[www.aurora.edu/institute/aututors](http://www.aurora.edu/institute/aututors)

**AURORA UNIVERSITY**

347 S. Gladstone Ave., Aurora, IL 60506-4892
